REMARKS

Applicant has cancelled all non-allowed claims. An indication of allowability is solicited.

In addition, with the prior response, applicant submitted three new references cited in a corresponding foreign application. The date of this response today is still within three months of the mail date of the foreign search report. The prior submission by applicant did not specifically authorize the charging of a fee or a petition to review the references. Applicant now specifically renews the petition to have the references cited, and authorizes the Patent Office to charge the Deposit Account No. 50-1482 in the name of Carlson, Gaskey & Olds, P.C. the fee of \$180.00 to have the references considered. Also, if additional fees are due, you are authorized to charge those fees to the same deposit account.

In sum, applicant solicits the Notice of Allowability, and an indication that the three newly cited references have been considered.

Respectfully submitted,

Theodore W. Olds, Reg. No. 33,080
